

Greif Reports Fiscal Third Quarter 2024 Results

DELAWARE, Ohio (August 28, 2024) – Greif, Inc. (NYSE: GEF, GEF.B), a global leader in industrial packaging products and services, today announced fiscal third quarter 2024 results.

Fiscal Third Quarter 2024 Financial Highlights:

(all results compared to the third quarter of 2023 unless otherwise noted)

- Net income decreased 3.5% to \$87.1 million or \$1.50 per diluted Class A share compared to net income of \$90.3 million or \$1.55 per diluted Class A share. Net income, excluding the impact of adjustments⁽¹⁾, decreased 41.6% to \$59.6 million or \$1.03 per diluted Class A share compared to net income, excluding the impact of adjustments, of \$102.1 million or \$1.75 per diluted Class A share.
- Adjusted EBITDA⁽²⁾ decreased 14.5% to \$193.7 million compared to Adjusted EBITDA of \$226.5 million.
- Net cash provided by operating activities decreased by \$125.5 million to \$76.8 million. Adjusted free cash flow⁽³⁾ decreased by \$132.8 million to a source of \$34.3 million.
- Total debt of \$2,909.5 million increased by \$738.0 million. Net debt⁽⁴⁾ increased by \$701.5 million to \$2,715.3 million. Our leverage ratio⁽⁵⁾ increased to 3.66x from 3.44x sequentially, and increased from 2.17x in the prior year quarter.

Strategic Actions and Announcements

- We completed divestment of our US-based subsidiary Delta Petroleum Company (“Delta”) effective July 31, 2024. The cash proceeds were received on August 1, 2024. Our divestment of Delta enabled us to accelerate our debt paydown. The divestment exemplifies our commitment to focus on our core growth strategy of increasing our resin-based industrial products portfolio, allowing us to serve higher-growth and less cyclical end markets. Assuming the divestment of Delta net cash proceeds had been received in the third quarter and included in cash and cash equivalents as of July 31, 2024, our net debt and leverage ratio would have been \$2,626.3 million and 3.59x, respectively, at July 31, 2024.
- Our integration of the Ipackchem Group SAS (“Ipackchem”) acquisition is on schedule to initial expectations, with run-rate synergy capture of at least \$7.0 million reaffirmed for the next twelve months, ahead of the 18-month timeline in our previously announced business case.
- We announced our upcoming Investor Day on December 11, 2024. Further information, including formal invitations, will be sent in September. For any questions, please contact InvestorDay@greif.com.
- Our Board of Directors declared quarterly cash dividends reflecting an increase of 2 cents per share on our Class A Common Stock and 3 cents per share on our Class B Common Stock, respectively, from the prior quarter’s dividends on such shares, demonstrating our Board’s commitment to increasing direct shareholder return while also continuing to invest in our business.

CEO Commentary

“We are proud to present another solid quarter of performance for Greif,” stated Ole Rosgaard, President and CEO, “While global markets remain uncertain, our diligence in maintaining close contact with our customers has resulted in positive volume momentum in all regions. We are also making strides internally. We are nearing completion of the previously announced internal re-alignment of operating and commercial functions and plan to discuss the benefits of that transition in greater detail at our upcoming Investor Day on December 11”.

Build to Last Mission Progress

Our customer satisfaction index (CSI) is a key internal metric we utilize to measure our customer service experience, with a long-term goal of a CSI score greater than 95.0. Our consolidated CSI score was 92.8 at the end of the fiscal third quarter 2024. The CSI score for the Paper Packaging & Services business segment was 93.6 and for the Global Industrial Packaging segment was 91.8.

Fiscal Third Quarter 2024 Segment Results:

(all results compared to the third quarter of 2023 unless otherwise noted)

Net sales are impacted mainly by the volume of primary products⁽⁶⁾ sold, selling prices and product mix, and the impact of changes in foreign currencies against the U.S. Dollar. The table below shows the percentage impact of each of these items on net sales for our primary products for the fiscal third quarter of 2024 as compared to the prior year quarter for the business segments with manufacturing operations. Net sales from completed acquisitions of Reliance Products Ltd. (“Reliance”) and Ipackchem’s primary products are not included in the table below, but will be included in their respective segments starting in the fiscal first quarter of 2025 for Reliance and fiscal third quarter of 2025 for Ipackchem.

<u>Net Sales Impact - Primary Products</u>	<u>Global Industrial Packaging</u>	<u>Paper Packaging & Services</u>
Currency Translation	(2.3)%	(0.1)%
Volume	4.7 %	2.9 %
Selling Prices and Product Mix	3.4 %	0.2 %
Total Impact of Primary Products	5.8 %	3.0 %

Global Industrial Packaging

Net sales increased by \$84.2 million to \$846.0 million primarily due to higher average selling prices, higher volumes and contributions from recent acquisitions, partially offset by negative foreign currency translation impacts.

Gross profit increased by \$8.8 million to \$185.6 million. The increase in gross profit was primarily due to the same factors that impacted net sales, partially offset by higher raw material, transportation and manufacturing costs.

Operating profit increased by \$29.8 million to \$131.8 million primarily due to the same factors that impacted gross profit and a \$46.1 million gain from the divestiture of Delta during the third quarter of 2024, partially offset by higher SG&A expenses related to higher compensation expenses, costs incurred for strategic investments and amortization expenses from recent acquisitions.

Adjusted EBITDA decreased by \$4.2 million to \$122.3 million primarily due to higher SG&A expenses related to higher compensation expenses and costs incurred for strategic investments, partially offset by the same factors that impacted gross profit.

Paper Packaging & Services

Net sales increased by \$39.7 million to \$603.6 million primarily due to higher average selling prices, higher volumes and contributions from recent acquisitions.

Gross profit decreased by \$25.6 million to \$102.5 million. The decrease in gross profit was primarily due to higher raw material, transportation and manufacturing costs, partially offset by the same factors that impacted net sales.

Operating profit decreased by \$14.6 million to \$37.5 million primarily due to the same factors that impacted gross profit and higher SG&A expenses related to higher incentive expenses and costs incurred for strategic investments, partially offset by lower restructuring charges and higher gains on disposal of properties, plants and equipment, net.

Adjusted EBITDA decreased by \$28.7 million to \$69.4 million primarily due to the same factors that impacted gross profit.

Tax Summary

During the third quarter, we recorded an income tax rate of 28.1 percent and a tax rate excluding the impact of adjustments of 22.7 percent. Note that the application of FIN 18 frequently causes fluctuations in our quarterly effective tax rates. For fiscal 2024, we expect our tax rate to range between 9.0 to 13.0 percent and our tax rate excluding adjustments to range between 8.0 to 12.0 percent.

Dividend Summary

On August 27, 2024, the Board of Directors declared quarterly cash dividends of \$0.54 per share of Class A Common Stock and \$0.81 per share of Class B Common Stock. Dividends are payable on October 1, 2024, to stockholders of record at the close of business on September 16, 2024.

Company Outlook

Fiscal 2024 Outlook Reported at Q3

(in millions)

Adjusted EBITDA	\$675 - \$725
Adjusted free cash flow	\$175 - \$225

Note: Fiscal 2024 net income guidance, the most directly comparable GAAP financial measure to Adjusted EBITDA, is not provided in this release due to the potential for one or more of the following, the timing and magnitude of which we are unable to reliably forecast: gains or losses on the disposal of businesses or properties, plants and equipment, net; non-cash asset impairment charges due to unanticipated changes in the business; restructuring-related activities; acquisition and integration related costs; and ongoing initiatives under our Build to Last strategy. No reconciliation of the 2024 guidance of Adjusted EBITDA, a non-GAAP financial measure which excludes restructuring charges, acquisition and integration related costs, non-cash asset impairment charges, (gain) loss on the disposal of properties, plants, equipment and businesses, net, and fiscal year-end change costs, is included in this release because, due to the high variability and difficulty in making accurate forecasts and projections of some of the excluded information, together with some of the excluded information not being ascertainable or accessible, we are unable to quantify certain amounts that would be required to be included in net income, the most directly comparable GAAP financial measure, without unreasonable efforts. A reconciliation of the 2024 guidance of adjusted free cash flow to fiscal 2024 forecasted net cash provided by operating activities, the most directly comparable GAAP financial measure, is included in this release.
